

# CAPITA SYMONDS

## Graduate Acoustician Central Manchester

Capita Symonds is looking for an enthusiastic, highly motivated individual to join our expanding Acoustics Team in the North West.

Capita Symonds Acoustics team is engaged in a diverse portfolio of projects encompassing the fields of Building and Environmental Acoustics. Examples of some of our national and international projects include: Jodrell Bank Visitors Centre, Southport Cultural Centre, Lancashire Building Schools for the Future, the O<sub>2</sub> Arena Dublin and Exxon Nigeria.

Qualified with an Honours Degree in an acoustics discipline you will have a desire to develop your career in a building and environmental acoustics consultancy environment.

You must have excellent spoken and written communication skills. From the start you will be working closely with architects, designers and project managers to deliver acoustic solutions across our wide range of projects. A full driving licence is required.

Capita Symonds Acoustics offers a flexible and supportive working environment. A competitive salary with pension benefits will be offered.

This vacancy is in our central Manchester office which is within easy reach of rail and tram links into the city.

Please send your CV along with a covering letter to Adrian Morgan at [Adrian.morgan@capita.co.uk](mailto:Adrian.morgan@capita.co.uk). Closing date 4<sup>th</sup> March 2011

Direct applications only will be considered, agencies should not apply.
